Volunteer to be a Stake Boat!

We need 'stake boat' volunteers to help our Parade entrants stay on the predetermined route.

Stake boat volunteers must arrive in their own boat prior to the Parade start time, and each boat will be assigned a designated station to drop anchor. The dedication and commitment of our volunteers is what makes this not-for-profit, free event all possible!

For more information or to sign up to be a stake boat volunteer, please contact us.

Skipper Information and Instructions will be forwarded under separate cover.
